

Assistant Director, Research and Reports

13 October 1952

Chief, Division of Techniques and Methods, ORR

D/T Organization

PROBLEM:

1. It is necessary that a concrete D/T organizational structure be now established without delay. D/T's effectiveness, planning, directing, coordinating, controlling, and morale suffer from the inadequacies of its present de facto type of organization.

2. Full effectiveness requires breaking away completely from the attempt to fit D/T's organization to an arbitrary collection of too-few authorized and many borrowed "slots".

3. D/T and its consultants propose:

RECOMMENDATIONS:

1. That the organizational structure of D/T, and its unclassified designators, be as shown in Tabs "A" and "B".

2. That existing and borrowed "slots" now in use be cancelled, and new "slots" designated under "D/T Table of Organization 15 October 1952 through 30 June 1953", as summarized in Tab "C" and detailed in Tab "D".

3. That the proposed "D/T Table of Organization 1 July 1953 through 30 June 1954", as summarized in Tab "C" and detailed in Tab "E", be now approved as essential for present planning and efficient recruitment action.
